We need your expertise.

We are looking for professionals (such as therapists, educators, and social workers) who work with youth with developmental disabilities ages 8-21 to participate in a focus group to make the PEDI-PRO software better.

You can tell us how we can improve the PEDI-PRO to make it easy to use for youth with developmental disabilities. You can also help us make sure the PEDI-PRO assesses everyday activities that are important and relevant to youth with DD. Finally, you can help us identify the potential benefits and challenges of using self-report software in practice.

Participants will receive a $10.00 gift certificate at the end of the group.

Jessica Kramer at Boston University is in charge of this study. For more information, contact her at: yellbulab@gmail.com, 617- 353-7522
