

Michigan Developmental
Disabilities Institute

We need your ideas on how to improve the health of people with disabilities!

The Michigan Developmental Disabilities Institute (MI-DDI) wants to work with 12 individuals with intellectual and developmental disabilities (I/DD). These individuals will participate on the Disability Health Program Advisory Council (DHPAC). The DHPAC is run by the Michigan Department of Health and Human Services (MDHHS).

The DHPAC works to improve accessibility of Michigan's health promotion programs. They also work to make these programs more inclusive to all members of the community.

How long will it take to help with this work?

You will need to participate in the DHPAC virtual meetings. The meetings are every three months and use Zoom. Meetings last one and a half hours.

Do I need any special equipment?

You will need a computer or telephone to participate in the meetings.

Will I get paid for the work?

You will be paid with a \$100 Target gift card for each MDHHS meeting you attend.

If you are interested in participating or have questions, email or call Elizabeth Janks:
