Michigan Assistive Technology Program presents: Community Connections for Assistive Technology (AT) (CCAT) Grant

What is Assistive Technology (AT)?

AT is any tool, software, or app that can help people with disabilities, including older adults, do what they want to do.

What is the Community Connections for Assistive Technology (CCAT) Grant?

The CCAT grant serves older adults and people with disabilities in rural Northern Michigan and the thumb area. Michigan Assistive Technology Program (MATP) specialists will visit people in their home or community to demonstrate and provide free assistive devices for hearing, vision, mobility, or other daily tasks. With the right AT, individuals can stay connected, participate in community activities, and maintain independence.

What Counties does the CCAT Grant serve?
The CCAT Grant serves the following counties:

- Alcona
- Alpena
- Antrim
- Arenac
- Benzie
- Charlevoix
- Cheboygan
