

Stay Safe Until You are Fully Vaccinated from COVID-19

All COVID-19 vaccines teach your body to fight COVID-19. The vaccine needs 14 days to teach your body.

Some vaccines have 1 dose and others have 2 doses. Stay safe while you wait 14 days after your last dose!

Wear a mask to keep everyone safe. The mask must be snug on your face and cover your nose, mouth, and chin.

Wash your hands often with soap and water. Sing the "Happy Birthday" song twice while washing your hands.

It takes all of us to get vaccinated and back to normal life!

Text your zip code to 438829 to find where you can get the COVID-19 vaccine for free.
