11:36:30 From Sherri Rushman : Can we get this power point sent to us today.? Speaker went too fast to take good notes but if I had power point I would feel better about taking in all the information!! Great power point and presentation!! I'm taking notes and really would do a better job with copy of power point. [rushmans@oaklandchn.org](mailto:rushmans@oaklandchn.org) is a good e-mail. I work at Oakland Community Health Network as a Education Specialist and have a mental illness and love person-centered planning training but can't keep up and take good important notes.
