

Michigan Leadership Education in  
Neurodevelopmental Disabilities

The purpose of **MI-LEND** is to improve the health of infants, children, and adolescents with disabilities by preparing trainees from diverse professional disciplines to assume leadership roles in their fields.

**Since 2016...**

**7,366 trainees prepared**

**20 healthcare disciplines represented, including family members and self-advocates**

**289 state, national, and international presentations to 16,048 attendees**

Partnerships between faculty from **7 Michigan universities** and the **Family Center for Children & Youth with Special Health Care Needs** (part of Michigan's Title V program)
