Project STEMM-UP

Project STEMM-UP is a new \$15.8M federal grant project funded by the Rehabilitation Services Administration. In partnership with Michigan Rehabilitation Services, Louisiana Rehabilitation Services and Southern University and A&M College, the project aims to create new career pathways for individuals with disabilities from marginalized groups to pursue high-demand careers in science, technology, engineering, mathematics, or medicine (STEMM) field. For more information about Project STEMM-UP, please click [here](#) or contact Dr. Connie Sung at csung@msu.edu.
