

# Persons with disabilities: We need your input!

## Take part in our focus group on public transportation for persons with disabilities

Our team of researchers and experts in technology, transportation, and employment are working to improve community inclusion and access to jobs for persons with disabilities.

We are developing technology to increase the availability and accessibility of reliable and same day on-demand transportation services.

Join 8-10 other persons with disabilities for a focus group discussion. We would like your views on how increased access to transportation will impact your connection to the local community and your ability to get a job and stay employed.

Your feedback will assist our research and technology development.

**WHO:** Persons with disabilities aged 18 or older who need public transportation services to obtain or maintain employment

**WHY:** To understand how transportation impacts your connection to the community – specifically your ability to get a job and stay employed

**WHEN:** Between February 10 and March 23. Specific dates to be determined according to availability indicated

**TIME:** 90 minutes for an in-person focus group or 30 minutes for an individual interview

**\$50 gift card for your time.**  
Transportation to the focus group location can also be arranged.

If you are interested in participating, fill in the online survey via the QR code above or this link: [waynestate.az1.qualtrics.com/jfe/form/SV\\_cvarmrW6Bwcw7S6](https://waynestate.az1.qualtrics.com/jfe/form/SV_cvarmrW6Bwcw7S6)
